Shane has been with The Markosky Engineering Group, Inc. for 21 years. He has extensive experience in drafting, design, and project management on various types of civil and mechanical engineering projects including highway and airport designs, E&S control plans, NPDES permitting, utility coordination, drainage design, sanitary sewer system design, site design, structural detailing, highway lighting, public involvement, design and construction scheduling and constructability reviews. Along with this, Shane has been a Project Management Professional for 12 years. In his new role, Shane will be taking over the responsibility of managing the roadway department. He will direct and coordinate projects with the staff and be sure that all goals and objectives of the project are met.
