Brian has been with The Markosky Engineering Group, Inc. for 8 years and is a registered professional engineering in Pennsylvania. Brian has vast experience managing and designing roadway and bridge construction projects, including utility coordination, erosion and sediment pollution control, NPDES permits, traffic control plans, right-of-way and roadway construction plan packages. Brian plans, directs and coordinates activities of projects to ensure that goals and objectives of projects are accomplished. In his new role, Brian will be taking over the duties of leading the Roadway, Structure and Traffic departments while continuing to look at future growth and opportunities for each.
