Mike has been with The Markosky Engineering Group, Inc. for 5 years. He has extensive experience working for the Pennsylvania Turnpike Commission on many construction projects. Mike was with the Commission for 35 years. He was a project manager overseeing the Commission's Western Expansion Projects. They included the Beaver Valley Expressway, Amos K. Hutchison Bypass, Mon/Fayette Expressway, Findlay Connector, and the Southern Beltway. He retired as a Senior Engineer Project Manager. He oversees all aspects of the Construction Services Division including providing oversight and direction to the Department Managers. In his new role, his responsibilities will broaden to include short and long-range planning for company operations, human resources, financial performance, and growth. His varied experiences will be a benefit to the management group.
