Matt has been with The Markosky Engineering Group, Inc. for 21 years. He has prepared and reviewed all aspects of roadway designs including traffic control, line and grade studies, erosion and sedimentation control, and development of Plans, Specification, and Estimate Packages. He has over 28 years of experience including all aspects of bridge design. He has been a Certified Bridge Safety Inspector since 1995 and has worked as Agreement Manager, PM, or Lead engineer on over 250 transportation projects. In his new role, Matt will be responsible for providing project management oversight of the engineering division, QA/QC Management for Markosky's engineering projects, business development for PA, WV and OH, and financial oversight of the engineering division.
