Dave has been with The Markosky Engineering Group, Inc. for 9 years. He has vast experience in project management and environmental clearance studies. His background is very diverse in transportation, oil & gas planning, environmental clearance and permitting. In his new role, Dave will expand his responsibilities into the management group, working on planning for company operations, financial performance, human resources, and growth. He has an excellent working relationship and reputation with his clients and the regulatory agencies and he is often requested to present at E&S, PCSM, and Permitting seminars for PennDOT Districts 12-0, 11-0, PA Turnpike, and various County Conservation Districts.
